The club was founded in 1984 and we moved to our present site in 2010. We have indoor and outdoor facilities for, and support all types of archery; target, field and clout; as well as all bow types; recurve, compound, barebow, traditional and longbow.

We meet every Tuesday and Thursday evening, and Wednesday and Sunday mornings. Members can also shoot Indoors or Outdoors throughout the week if they wish.

Club competitions are held regularly, as are Competitions run by other County and National Clubs. But if you don't fancy competitions, that's fine - the choice is yours!

Coaching is available to all members: it doesn't Stop with the completion of your Beginner's Course.
